ESTABLISHED 1873 TELEPHONE: PECONIC 4-6755

Prize Winning Exhibit at Cutchogue Flower Show

Cutchogue, L. I. N. Y.
February 4, 1956

To My Friends and Patrons:

Please accept this my 1956 catalog with my personal greetings and best wishes for a Happy and Prosperous Year.

Last year was quite disappointing in many ways between dry weather, low prices, a hurricane and a threat of two others not mentioning all the bugs and blights that attacked our farm and garden crops.

You can combat the insects and diseases with the proper insecticides and fungicides of which we have a good supply. We also have a good supply of all kinds of seeds and plants for your farm, garden, lawn and flower beds, and would be pleased to receive your orders, and assure you of our best attention to them when received. Of course we hope to see you at the farm when our seeds and plants are in season.

Our Strawberry Plants never were better and they are grown from Virus Free stock plants set in April 1955. We kept them cultivated and sprayed but of course can not guarantee they are 100% clear now. But how those Sparkles did yield last Spring and they were grown from Virus Free plants. Even our Robinsons are from Virus Free stock this year and we have a good supply to fill your orders.

If in need of Asparagus Roots from 25 to 2500 or more, we have them, even up to 4 year old in the Mary Washington and the California "500" in one and 2 year old.

The very best grade of grass seed is still high. Have made our price as reasonable as possible considering quality and the amount of permanent grass seed that we use in our Lawn Grass mixtures. A good lawn is only secured by using good seed, good fertilizer and good care. We have the right kinds of seed and fertilizer and would be pleased to supply your needs.

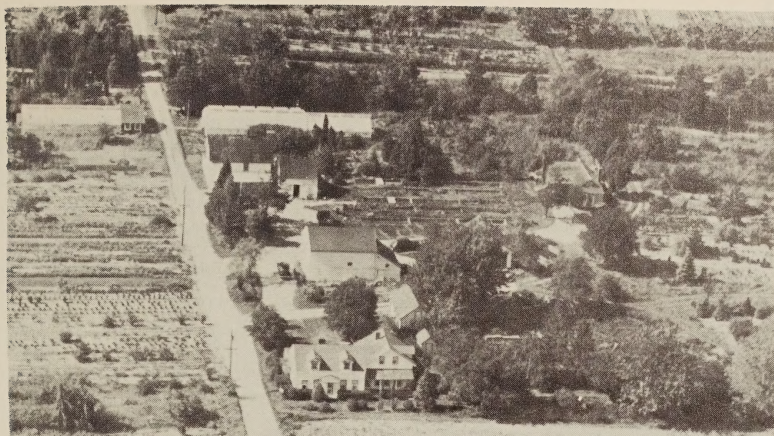

We specialize in a fine assortment of Rose Bushes, all potted and ready to grow and bloom. Many of the new J. & P. roses are in our assortment, priced very reasonable. Come early when we have a full line and you will not be disappointed.

Geraniums, Pansy Plants and Petunias for your flower beds and Cabbage, Lettuce and Tomato Plants for your garden. We also have in quantity and choicest varieties, many other kinds of Vegetable and Flower Plants.

So for best results buy at Sterlings on Sterling Lane.

Yours for the best in Seeds and Plants,

Ralph W. Sterling

Bird's-eye View of Sterling Seed and Plant Farm

DIRECTIONS

By careful reading and observing the following directions, mistakes will be largely avoided and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 23c for the first lb. and 4c for each additional lb. of your order, allowing 3 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 23c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE — In all orders received before April 15th we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value, we would be pleased to hear of it.

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

NOTICE — I give no warranty, express or implied, as to the productiveness of any seeds, bulbs or plants, sold by me, and I will not be in any way responsible for the crop. My liability in all instances is limited to the purchase price.

Ralph W. Sterling

Seed Department

"STERLING STRAIN"

Follow the mark of "Sterling." We are always looking for the best strains of seed and where we find a superior one we place the sign of "Sterling" on it, thus (S).

No.	Pkt.	Lb.
96 EARLY LEVIATHAN. Extra early. Prolific	\$.15	\$5.00
98 GIANT PODDED. Large pods. Prolific. Fine quality15	.50

Cutchogue L. I. July 8th.

I had two short rows in my garden of your Sure Crop Wax Beans. I never saw anything like the yield and the fine long pods.

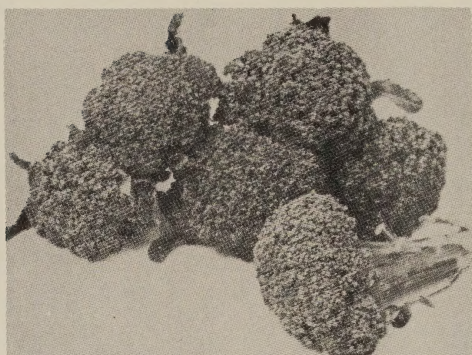

I sold \$15.00 worth from them. — J. S.

Glen Head, Sept. 18.

The Sterling Strain Fordhook Bush Limas and the Golden Cross Bantam Sweet Corn both produced prolifically.

The sample of Contender Beans gave us a very generous crop and we prefer it to Tendergreen which had previously been a favorite.

Samples of Watermelon and Cantaloupe also did well. — J. L. D.

Early Green Italian Broccoli

FAVA BEANS

1 bu. will plant 1 acre. Use plant setter for planting

No.	Pkt.	Lb.	12½ Lbs.	50 Lbs.

East Hampton, L. I., March

Have been getting our seeds from you for many years. Could get seeds nearer home but have always found yours very reliable and satisfactory.

E. M.

Cutchogue, June

The lawn I sowed May 5th came up fine and I have a beautiful lawn now. I used your Sterling Special Mixture.

J. B.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. Kentucky Blue Grass and Fancy Red Top of highest quality are still high in price. We are making our prices as reasonable as possible considering quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than anything else that "the best is none to good."

If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help. Why not have your soil tested?

Special price on 100 Lb. lots, \$1.00 per 100 lbs. less than prices quoted in catalog

	1 Lb. to 99 Lbs. per Lb.
TIMOTHY. The brightest and purest seed on the market. 99.65% pure.	\$.26
RED CLOVER. Very best grade. 99% pure65
ALSIKE CLOVER. Does well where Red Clover sometimes fails. Best grade. 99% pure. Mix Alsike and Red Clover for best results50
ALFALFA. Northern grown. Very best strain for this section. 99% pure60
CRIMSON CLOVER. Sow in July and August for cover crop37
WHITE CLOVER. Fine for lawn and pasture. Purity 98%	1.10
HIGHLAND BENT. Best Native Bent. Finest quality. Grows well in acid soil. One of the best for lawns. 98% pure	1.10
CHEWINGS FESCUE. Fine for pastures, lawns and sandy soil45
ILLAHEE CREEPING RED FESCUE. Greener and finer than Chewings Fescue. Stands dry weather58
KENTUCKY BLUE GRASS. Does best on sweet soil. Fine for lawns, pastures and orchard. We still have a good supply of this very scarce seed. Superfine quality, 98% Pure	1.00
RYE GRASS. Perennial or English. For a quick cover or lawn30
ROUGH BLUE GRASS. Poa Trivialis. Good for moist areas65
RED TOP. Fancy recleaned. Fine for lawns, new ground and pasture. Best grade. Purity 98%90
HUNGARIAN GRASS. Makes a quick crop of hay15

GRASS SEED — Continued

1 Lb. to
99 Lbs.
per Lb.

SUDAN GRASS. Good for pasture, green manure or a heavy crop of hay. Use 40 Lbs. per acre. 25 Lbs. or more at 17c18
STERLING PASTURE MIXTURE. 10 of the best kinds of Grass and Clover Seed, suitable for pasture. Contains no Orchard Grass Use 20 to 40 Lbs. to the acre. Best grade seed. 25 Lbs. or more at 64c per Lb.; 100 Lbs. or more at 63c per Lb.65
LEGUME-AID for inoculating ALFALFA, SWEET CLOVER, ALSIKE, and RED CLOVER. 1 Bu. size, per bottle60
LEGUME-AID for Vetches, Field Peas, etc. 2 Bu. size, per bottle60
We carry Wild White Clover, Merion Blue Grass and Zoysia Japonica in small quantities or can get it on order. Also, we can get you the three new alfalfas if you want to try them out.	

High Quality Seed Produces Fine Lawns

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, re-cleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or both. Use Vigoro on established lawns in early Spring and early Fall. Peat Moss is a very good soil conditioner for lawns.

Sow in the early Spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early Fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of Peat Moss or soil and rake in. Seed thrown on the top of hard ground has no chance to grow and will merely wash off. Fertilize well after seeding.

No Timothy or Rye Grass is ever used in our Lawn Grass Mixture.

LAWN GRASS SEED

Prices Liable to Change Without Notice

Four Special Mixtures of the highest grade Grass and Clover Seed on the Market.
No Cheap Filler is ever used in Our Mixtures.

Fertilize your lawns often to help keep out Crab Grass and Chickweed.

	1 to 24 Lbs.	25 to 99 Lbs. per Lb.
STERLING LAWN SEED. We prepare this mixture ourselves at Sterling Farm, from the highest grade Highland Bent, Kentucky Blue Grass, Fancy Red Top, White Clover and Illahee Red Fescue. This mixture gives the very best satisfaction throughout Long Island. Quick growing and permanent. Use 3 to 5 Lbs. to 1,000 square feet 100 Lbs. or more at 98c	\$1.00	\$.99
PARKWAY MIXTURE. This is my own mixture. It contains no White Clover, but a mixture of Highland Bent, Illahee Red Fescue, Kentucky Blue Grass and Fancy Red Top 100 Lbs. or more at .98c per Lb.	1.00	.99
SANDY SOIL LAWN SEED. A mixture doing well on light soil and in very dry places. This mixture contains 5 different kinds of grass seed and White Clover. Plenty of Fescue in this mixture 100 Lbs. or more at 88c per Lb.	.90	.89
SHADY LAWN. Where there is only partial shade, the other Lawn Grasses are all right, but where it is quite shady, use this special mixture. Five varieties of grass seed in this mixture. Use Vigoro and Bone Meal in Spring and Fall to keep a good lawn in shade 100 Lbs. or more at 88c per Lb.	.90	.89
WHITE CLOVER. Best grade	1.10	
CHEWINGS FESCUE. Best for shade45	
KENTUCKY BLUE GRASS. Fine for lawns	1.00	
FANCY RED TOP. Quick growing. 98% pure90	
ROUGH BLUE GRASS. Poa Trivialis65	
ILLAHEE CREEPING RED FESCUE. Fine for lawns58	
HIGHLAND BENT. Finest quality	1.10	

For a good, permanent lawn, use 1 Lb. lawn seed to 200 sq. ft., 100 to 120 Lbs. to the acre. For reseeding an old or poor catch, use half that amount.

VIGORO — THE COMPLETE PLANT FOOD

1 lb. bag	\$.15

PERENNIAL PLANTS

Our plants are best for your Hardy Border or your Rock Garden. They are grown from the choicest seed procurable and the most popular sorts. Take care of them and they will bloom for many years. Dig the bed deep, enrich with dry cow manure, keep clean and give protection in Winter. Nice plants, transplanted, well rooted. Top dress with Bone Meal, Sheep Manure or Vigoro. Mulch with Peat Moss.

Bayport, N. Y., July 13, 1955

I bought 75 Strawberry Plants from you last year and we picked 25 quarts of Berries from them. The 25 Asparagus roots I bought are growing fine too. — W. C.

PLANT DEPARTMENT

One of our Strawberry beds for 1956.

STRAWBERRY PLANTS

My Strawberry Plants for 1956 are ALL raised from Virus Free Stock. We sprayed them and kept them free from insects and disease and they made a nice, healthy growth with large crowns and good healthy roots. Come look our stock over.

Try a few of the new kinds, especially EMPIRE

10 varieties listed in order of ripening

	25	100	300	1000
✓ PREMIER. Early. Heavy yielding.....	\$.75	2.50	6.00	18.00
✓ FAIRFAX. Best quality. Large, firm sweet.75	2.50	6.00	18.00
✓ MIDLAND. Good quality, fine for freezing75	2.50	6.00	18.00
✓ BELMAR. Attractive color, good flavor.75	2.50		
✓ CATSKILL. A fine large berry for market.75	2.50	6.00	18.00
✓ EMPIRE. New large. Fine quality.75	2.50	6.00	18.00
✓ POCAHONTAS. Vivid red, large. New.75	2.50		
✓ SPARKLE. Fine quality, heavy yield.75	2.50	6.00	18.00
✓ ROBINSON. Large. Have a good supply.....	.75	2.50	6.00	18.00
✓ VERMILION. Productive, new.75	2.50		

All the above are grown from Virus Free plants on fresh ground. We found in our trials last year that the varieties grown from Virus Free stock was the heaviest yielding of all the kinds that we had.

All of the above kinds have perfect blossoms and can be set alone if desired, but it is better to have 2 or 3 kinds for cross polinization.

Postage on Strawberry Plants: Add 31c per 25; 45c per 100 and 90c per 300 to above prices.

No Strawberry Plants Dug in August, September or October.

- 2-yr.-old plants, balled and burlapped, \$1.75 each; \$16.50 for 10 plants assorted. Larger plants in some varieties, \$2.50 to \$7.50 each, according to size.

Set in acid soil. Use plenty of Peat Moss and aluminum sulphate.

SPRING BLOOMING BULBS

TULIPS, NARCISSES, HYACINTHS, CROCUS, ETC.

We expect to have a good supply of Spring flowering bulbs in the Fall, and will be pleased to book your orders for Fall delivery. Prices will be right for No. 1 sure blooming bulbs. Will have a nice display in the Spring of flowering bulbs in bloom. Come look them over. Will have Potted Hyacinth and Tulip bulbs in full bloom for Easter.

Our field of 1 yr. old Mary Washington and California "500" Asparagus

ASPARAGUS ROOTS

Our Asparagus Roots are nice, large, healthy roots grown under irrigation from re-selected seed and will make you a successful bed in 1 to 2 yrs. time.

	Doz.	100	1,000
MARY WASHINGTON. One of the largest, most productive and finest flavored Asparagus yet developed. Very high branching, which makes it the best for cutting green. Rust-resistant.			
One year old roots. Large roots.	\$.40	\$ 2.50	\$ 15.00
Two year old roots. Ready to cut in 1957.60	2.90	17.50
Four year old roots. Ready to cut this year if set early. Very large crowns80	3.50	22.50

5 thousand or more 1 year old roots, Mary Washington @ \$12.50 per thousand.

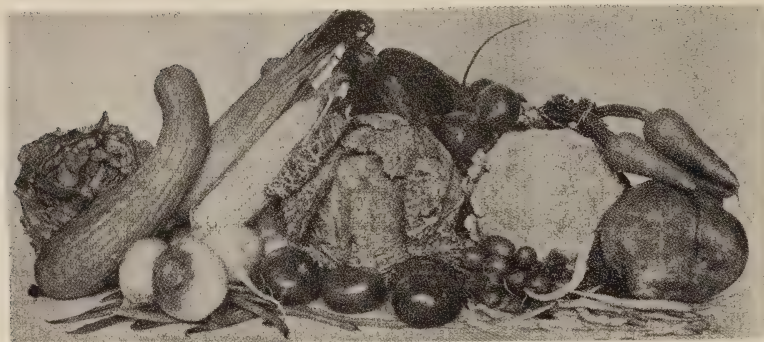

CALIFORNIA "500", New. Extra large, high branching stalks. 1 yr. and 2 yr. old roots.60	2.90	18.00
--	-----	------	-------

Set out our Sterling Grown Roots this year, about six inches below the surface of the ground, cover with two inches of soil. As the plants grow up, fill trench with well-rotted manure and more soil, and some good fertilizer on top of that. Do not put fertilizer next to any kind of root or plant if you want them to live. Set your Asparagus Roots out as early in the Spring as possible.

Postage on Asparagus Roots: Please send 30c per doz., 40c per 2 doz., 50c per 100 on 1 yr. old roots. Double that for 2 yr. old roots.

Setauket, N. Y., March 30, 1955

I bought some 2 year old Mary Washington Asparagus roots from you two years ago and they grew fine. I cut from them last year and they have made wonderful growth.
A. P.

Cold Frame and Hot Bed Plants

TOMATO PLANTS

Ready in May and June

Transplanted, well-hardened plants. All my plants are grown from Certified Seed or selected stock from the best growers.

The number of days for each kind to ripen is from Livingston's and my own Trial Grounds, from time of setting in the field.

BONNY BEST. Very productive. Early. Globe shaped. 57 days.

BREAK O'DAY. Extra early. Wilt resistant. 58 days.

GOLDEN PONDEROSA. Large yellow. Sweet. 82 days.

JUBILEE. Burpee's new yellow. Fine. Globe shaped. 72 days.

MARGLOBE. Disease resistant. Large. Best for main crop. Grown from certified seed. 60 days.

OLD TOWN. Extra large and prolific. Earliest. 55 days.

PONDEROSA. Improved strain. Very large, fine flavored and mild. Best for slicing. Few seeds. Certified. 84 days.

PRITCHARD or SCARLET TOPPER. Early. Wilt resistant. 60 days.

RED CHERRY. Smallest, round.

RUTGERS GLOBE. Large. Disease resistant. Cert. 60 days.

STOKESDALE. Heavy yielding. Early. Certified. 58 days.

YELLOW PLUM. Small fruit for preserves.

All the above kinds at one price. 40c per doz.; 4 doz. for \$1.50; \$2.80 per 100. Ask for price by the 1,000.

HYBRID TOMATOES

These are larger, better colored, thicker fleshed and more prolific than standard varieties. They are also more blight resistant and stand up better under adverse weather conditions.

BURPEE'S BIG EARLY. 62 days. New. Earliest Hybrid. Large size.

BIG BOY. Largest tomato of all excepting Ponderosa. Mid-season. 78 days.

BURPEE HYBRID. Most prolific tomato of all. 70 days.

STOKESCROSS, NO. 4. An F2 hybrid of great vigor. Large, solid highly flavored fruit. 10 days earlier than Rutgers.

STOKESCROSS, NO. 5. Another F2 hybrid with a long harvest season. A very heavy producer. Both of our Stokes-cross hybrids are practically crack free, very solid, and best for canning.

Hybrids at 75c per doz. from the flat. \$1.00 per doz. in vita-bands.

Add 30c per doz.; 39c per 2 doz.; and 55c per 100 to your order if you want them by Parcel Post.

West Granby, Conn.

It doesn't seem quite like late Winter — almost Spring — this year without your catalog. I enjoy this contact with Cutchogue, and we like to order most of our seeds from you because they always do so well. — Mrs. J. H. C.

50 lb. bag \$5.95

NEW HYBRID EARLY SWEET CORN GOLDEN BEAUTY

This sensational new hybrid has been bred to meet the exacting demands for a dependable early market corn. The market required a large eared corn of good quality and fine appearance. The grower further requires that this corn be extra early, resistant to cold, resistant to wilt and dependable for yield.

Golden Beauty meets this requirement for extra earliness without losing the other good qualities of Marcross 13 x 6. It is several days earlier, very uniform, has more 12 to 14 rowed ears, is equal in quality and appearance, and is resistant to cold and wilt. This is not an untried new hybrid. Our grower had it in his trial grounds for several years. Introduction of this grand new variety has been withheld until performance for the early market could be proven.

Seed treatment of early planted corn is most important for protection against soil diseases and insect damage. Golden Beauty seed will be treated to insure the best possible stand and most uniformity in maturity.

This is the same as our MARCROSS-S that we have sold for 2 years.

Price per pkt., .15; Per lb., .55; Per 10 lbs., \$5.00
